Dear Brother Florist

March, 1953

We have the pleasure in mailing you our latest Bulb-Plant and Seed List for this coming Spring.

Due to many inquiries we have decided to list also our SEEDS we have in Surplus this season.

All Seeds are 1952 crop, fresh Seeds only and same strains as we use in our own Nursery, so you can always be assured of fine germination.

Our Bulbs are always the very best quality.

Our Spring Plants we offer at this time are surplus stock left over in the field from Fall, 1952, and should make wonderful plants.

If you want parcel post shipments, be sure to add enough postage when you remit. If overpaid we refund checks same day.

Our terms are always cash or C. O. D. except to reliable and established firms.

No charges are made for boxes and packing.

Yours for more business,

62.41
